“ GREEN METAL FOR THE FUTURE ”

At a time when the Global Community is fully focussed on Global Warming & Environment Protection, the emphasis is on “*Green*” in all walks of life, be it by way of energy conservation or reduced usage of natural resources. In this context, Aluminium is a metal which fits the bill on both counts.

Aluminium can be re-cycled over and over again without losing its unique properties. By using just 5% of the energy originally used for extraction, we get a metal with exactly the same value as primary aluminium. Today, 95% of the Aluminium content of cars is re-cycled.

Acknowledging the importance of Environment Protection, the theme of the 7th Aluminium Conclave is :

“*Green Metal For The Future*”

7th Aluminium Conclave

The Aluminium Conclave of the IIF Chennai Chapter is an annual program which took roots in the year 2011. Since then, it has grown from strength to strength and has now evolved into a three day event covering Works Visit, Aluminium Quiz & Technical Sessions.

Eminent Speakers, Technologists, Industry Leaders, Big Players from Equipment Suppliers & Service Providers of the Industry shall converge on a common platform to give their insights and share their experience & knowledge, to take the industry into the future.

The Technical Papers shall cover the following themes:

- ✓ Safety
- ✓ Energy and environment
- ✓ Die design and manufacturing
- ✓ Material science and process metallurgy
- ✓ Productivity improvement
- ✓ Innovation in die casting (Focus on productivity, quality & cost)
- ✓ IT in die casting
- ✓ Post casting
- ✓ Near net shaped castings
- ✓ Applications for aluminium castings

With so many take-aways from this Conclave, the participants will no doubt derive maximum benefits from these interactive sessions and networking.

IIF Chennai Chapter welcomes YOU ALL to participate in this vibrant event

7th Aluminium Conclave.

We invite Foundry Executives, Decision Makers, Entrepreneurs and all others who have interest in the Aluminium Casting Industry to register themselves as delegates.
