Iron Carbon Diagram and its Application in Micro structure Analysis

By Mr. C Ravi Chandramouli

28th December, 2024 | Saturday

Dear Members,

We are glad to hear **BF Valdesara Chapter** in continuation of our Theme **"Know How - Go Now!!"** and in collaboration with **IF Ahmedabad Chapter** and **IF Greater Mumbai Chapter**, we are pleased to inform you that we have an important technical webinar on the topic **"Iron Carbon Diagram and its Application in Microstructure Analysis"** by a very renowned expert **Mr. C Ravi Chandramouli**.

Mr. C Ravi Chandramouli is Managing Director of Quality Technologies Pvt. Ltd. He completed PhD at IIT Madras in field of metallography (Metal Casting). After working in the industry for nearly 15 years, he started an Academy and consultancy **Alloy Training**, which was registered for a patent for special light weight alloys that were being supplied by his company to ISRO. From there his company, Quality Technologies Private Limited, Hyderabad diversified its activities and presently is one of the largest manufacturers of Metallurgical consumables in India.

The details of Webinar are as below:

Time: 1:00 PM to 3:30 PM
Place: Online - Z33H Meeting Platform

What to expect from the webinar?

- Basics of Iron Carbon Diagram
- Relationship between Carbon diagram and Microstructure
- Basics of Microstructure - Pearlite, Ferrite, Austenite structures

Registration Process:

- 1) We request you to kindly send your registration ASAP to valdesara@indianfoundry.org as before 3rd Dec, 2024.
- 2) You may contact the following persons for region wise:
 - a) **BF Hyderabad Chapter** **Mr. Shourabh Bhat** SOA4247711 | Email: shourabh@icwcp.com
 - b) **BF Ahmedabad Chapter** **Mr. Jan Maheshwari** 1915264994 | Email: 1915264994@gmail.com
 - c) **BF Mumbai Chapter** **Mr. Dushar Sabarwal** 1420030347 | Email: harmanmishra@icwcp.com
- 3) **Moving Link - Join Zoom Meeting** <https://join.zoom.us/j/8261882777> | <https://zoom.us/j/8261882777>

Meeting ID: 8261882777 | Passcode: 826188

We are looking forward to receiving all of you to make this webinar fruitful for all of us.

Thanking You,

BF Valdesara Chapter | BF Ahmedabad Chapter | BF Greater Mumbai Chapter

The screenshot shows a Zoom meeting interface. The main window displays a presentation slide titled "Hume-Rothery rules". The slide text states: "For substitutional solid solutions, the Hume-Rothery rules are:" followed by four numbered points: 1. The atomic radii of the solute and solvent atoms must differ by no more than 15%. 2. The crystal structures of solute and solvent must match. 3. Complete solubility occurs when the solvent and solute have the same valency. A metal will dissolve a metal of higher valency to a greater extent than one of lower valency. 4. The solute and solvent should have similar electronegativity. If the electronegativity difference is too great, the metals will tend to form intermetallic compounds instead of solid solutions. The slide number "40" is visible in the bottom right corner. To the right of the main slide, there is a smaller inset slide titled "PHASE DIAGRAMS" which contains a list of topics: "1. The phase diagram of a system is the plot of the temperature vs. composition. 2. The phase diagram of a system is the plot of the temperature vs. composition. 3. The phase diagram of a system is the plot of the temperature vs. composition. 4. The phase diagram of a system is the plot of the temperature vs. composition. 5. The phase diagram of a system is the plot of the temperature vs. composition. 6. The phase diagram of a system is the plot of the temperature vs. composition. 7. The phase diagram of a system is the plot of the temperature vs. composition. 8. The phase diagram of a system is the plot of the temperature vs. composition. 9. The phase diagram of a system is the plot of the temperature vs. composition. 10. The phase diagram of a system is the plot of the temperature vs. composition." Below the main slide, there is a "Next slide" button. At the bottom of the Zoom window, there is a taskbar showing various application icons and system tray icons. On the right side of the Zoom window, there is a vertical list of participants: "MR. Ashish Ranjan", "Srijay Kumar", and "Srinivas SM-A...".
